# Presentation and Design

New Zealand hasn't been a leader in Digital Display technology with the cost factor stunting early development. Advance Gaming however believes its new 'Reveal Display' embraces all of the benefits of digital display, is robust and most importantly is future proofed.

'Reveal Display' delivers a stunning visual experience, is fully compliant with simple functionality which makes it easy to navigate and enjoyable to engage with. It provides a total alternative solution to the outdated existing regime.

- society logo
- Up to 60% harm min
- clock
- true-time weather
- welcome screen grants
- grant displays
- unlimited welcome images
- multi format harm min player
- email system
- device health controls
- remote commands
- system self restore

# Compliance and Harm Minimisation

The Gaming Industry with its comprehensive compliance restrictions, particularly the requirement to display current, accurate Licence data, within each gaming venue, has been the motivation behind the development of the 'Reveal Display'.

Currently Gaming Trusts rely on 3rd party service providers to update the constant flow of Licence changes experienced by each gaming venue.

Obviously maintaining accurate and current information on site is a priority to ensure the venue remains compliant. The penalties for failing to display the required information and to ensure it is always current and accurate can be onerous.

DIA compliant

true-time licence update

ready for IGP intergration

Reveal Display not only removes the obtrusive paper dominated display but more importantly eliminates the cost of having to constantly update the Licence changes.

Licence changes can now be electronically generated from the Organizations Head Office ensuring an efficient, cost effective and sustainable solution to this previously laborious process.

This gives the individual Trust total control over the information presented in each digital display in each of their gaming venues.

Harm minimisation messages and assistance are also included in the display content for those affected. Player information and gambling help areas are easily accessible.

# Grants

Another feature of 'Reveal Display' is the ability to advertise the various grants made by individual Trusts geographically throughout New Zealand.

In addition, prospective grant recipients can organise a grant application to be emailed directly to their email address from the 'Reveal Display'.

There is also the option to include imagery to enhance the grant display experience.

# Poster View

In support of strengthening relationships, between Trusts and their Venue Operations, 'Reveal Display' offers the potential to advertise on-going venue specific activities eg happy hours, specials or whatever the venue may require.

Full screen harm minimization advertising also strengthens the industries commitment to helping those in need. reveal have partnered with the Health Promotion Agency to provide your players with the most effective campaign to date.

# Jackpot Integration

Given the mandating of downloadable jackpots for Class 4 gaming in New Zealand, 'Reveal Display' offers more added value. Each display has the ability to connect to any sinfo based jackpot system.

That provides the opportunity, via an additional medium, to inform players of jackpot wins, jackpot levels and any other relevant jackpot information.

The image displays two examples of 'Reveal Displays' for gaming machines. The left display features a green and blue background with a 'reveal displays' logo in the top left and a digital clock showing 1:30 PM. It includes a weather widget for Wellington (12°C) and a 'Tap to learn more' button. Below this, it lists 'Grant Recipients in your region' with 'Wellington Dragon Boat Racing' and a \$50,000.00 prize. At the bottom, it shows four jackpot levels: GRAND (\$524.54), MAJOR (\$134.40), MINOR (\$52.12), and MINI (\$26.12). The right display has a red header with 'Jackpot Winner' and 'Machine # 5 \$41.81'. It also features a 'Tap to learn more' button and a 'Grant Recipients in your region' section for 'Canterbury Sports' with a \$10,000.00 prize. Below this, it says 'JACKPOT WINNER MACHINE # 5 \$41.81'. The bottom section of the right display is green and contains the text 'Your gambling still just for fun?', the phone number '0800 654 655', the website 'choicechance.org.nz', and the 'choice CHANCE' logo. A QR code is visible in the bottom right corner of the left display.
